

THE PROBLEM: Currently products of restricted sale need to be removed from their existing showcase in store and stored away within a secure vault behind the store.

THE SOLUTION: ALT

PUSH BUTTON
TO SECURE
1. OPEN TO DISPLAY

2. CLOSING

3. CLOSED & SECURE

ALT SMART SECURITY SOLUTIONS

A customizable smart solutions that enables retailers to turn their showcases into secure vaults. This solution is ideal for displaying and securing products such as jewelry, firearms, ammunitions, cannabis, and other products of restricted sale. With the push of a button, the glass portion of the showcase drops into a metal cabinet with doors covering the top, creating a secure vault for product to live in.

PROTECT YOUR INVESTMENTS

With increasing demand comes increased risk. Theft has become a major concern for retailer, and they are looking for a way to solve this security challenge. Artitalia Group's latest solution is the ALT. We have designed and manufactured three different variations of the ALT to fit your needs. Each distinct design can fit your brand, enhance the look of your retail store, and most importantly, secure your goods.
