

THE PROBLEM: Eyewear products, particularly designer sunglasses or high-end prescription glasses are a valuable and attractive target for thieves.

THE SOLUTION: AVERT

AVERT SAFEGUARD YOUR EYEWEAR COLLECTION

Introducing the AVERT Lockable Eyewear Case, a custom solution designed to secure and protect your eyewear with advanced security features, including lockable display rods, that provide peace of mind and enhanced security.

ADVANCED SECURITY WITH LOCKABLE DISPLAY RODS

The AVERT'S lockable design prevents unauthorized access, adding security for your eyewear. Our innovative system is equipped with lockable display rods, ensuring that your valuable eyewear collection is not only beautifully showcased but also shielded from unwanted tampering and mishandling. Protect your eyewear investment and display your collection with ease with AVERT!
