

THE PROBLEM: Theft has soared over the last 24 months and retailers are looking to reduce shoplifting and decrease attacks by thieves that target products they can steal in bulk.

THE SOLUTION: ARDENT

ARDENT SECURITY LOCK-UP CABINETS

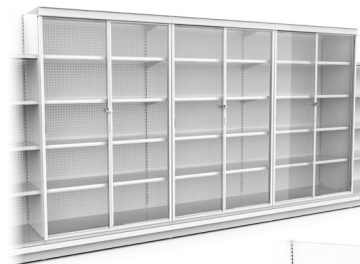

Integrates with in-store gondola displays to secure high-risk and/or controlled access merchandise.

REDUCE SHOPLIFTING AND **DECREASE THEFT**

With the increase of in-store theft, retailers are rushing to lock things up—from razors to socks to electronic equipment, and in some areas liquid detergent. Ardent is the perfect solution to safely secure multiple products against theft!
